

COMFORTBILT SIDE POWER SWITCH CB-ON-OFF-HP22-INSERT INSTALL INSTRUCTIONS

How to install

1. Unplug the unit from the wall outlet.
2. Locate the ON/OFF (Rocker) switch.
3. Disconnect the wire leads connected to the back of the switch.
4. Compress the plastic tabs on the back side of the switch and remove the switch.
5. Gently slide the new switch into the cut-out where the old switch was located.
6. Reconnect the previously removed wires to the back of the new switch.
7. Plug in the unit.

For more information on the switch, refer to the [Component Guide](#)
