

IRONSTRIKE PRESSURE SWITCH HOSE H5898

INSTALL INSTRUCTIONS

How to install

1. Unplug the stove.
2. Remove the rear access panel from the stove.
3. Locate the pressure switch on the side of the stove where the combustion/exhaust fan assembly is located.
4. Disconnect the hose from the pressure switch and secondary nipple.
5. Install the new pressure switch hose to the pressure switch and secondary port. The hose should be connected to the same nipple on the pressure switch as the original hose.
6. Reattach the rear access panel to the stove.
