

LENNOX HIGH TEMPERATURE SNAP SWITCH

12147705

INSTALL INSTRUCTIONS

How to install

1. Unplug the stove from power
2. Open the rear access panel. (Removal of the panel may be necessary)
3. Locate the switch above the room blower or above the air intake (there are 2 switches)
4. Disconnect the wires from the switch
5. Remove the mounting screws holding the switch in place.
6. Replace the old switch with the new switch. Fasten with screws
7. Reconnect wires on either terminal on the switch.
8. Close the rear access panel. (remount with screws if removed).
