

QUADRA-FIRE SNAP DISC #1 SRV230-0060-AMP

INSTALL INSTRUCTIONS

How to install

1. Unplug the stove
2. Open the service access panel on the rear of the stove.
3. Locate snap disc #1 on the right side of the appliance on the top of the heat exchanger box.
4. Disconnect the purple wires connected to the switch.
5. Remove the mounting screws holding the switch in place.
6. Replace the old switch with the new switch and secure with screws.
7. Connect the purple wires to the switch terminals.
8. Close the service access panel.
